

## Deck Visualizer

Upload a deck image or choose from our pre-mapped stock image gallery. Change your deck, steps, posts, rails colors and the infill. When you are satisfied, save it and give your customer access to their new, custom-designed deck via an email link.

## Other ABC Connect Programs

**AccuLynx Quick Order** – Getting your materials on site – on time – has never been easier. With Quick Order, you have access to your ABC contractor pricing and can place orders day or night.

**EagleView Technologies Construct™** – Combine highly accurate EagleView measurements with real-time pricing to create material lists, bill of materials and proposals. Order materials online with your local ABC branch.

**Online Account Access** – Gain access to your invoices, statements and online bill pay.

Contact your local ABC Supply branch or call 866-380-9080 for more assistance.

*Engage your customer  
with virtual design*

# Give your customers an unforgettable remodeling experience with Pictureit.

You and your customers work together to create beautiful photo renderings of their homes remodeled with the industry's most comprehensive collection of roofing, siding and windows.

## Pictureit

As an ABC Supply customer, you will have the ability to customize your preferred product lines, include your contact information and add your logo. A virtual design makes your homeowners feel confident in their remodeling decisions from concept to completion.

- Pre-mapped stock image gallery includes over 80 popular North American home styles
- Upload your own home photo
- Makes online buying decisions easier
- Beautiful rendered images help you shorten the decision cycle
- Instant “seeing is believing” sales pitches can be saved, emailed or shared via social media

## Getting Started

Go to [abcpictureit.com](http://abcpictureit.com) and customize Pictureit to your product preferences. Our Online Users Help Guide walks you through each step from concept to completion, or you can submit questions to [customerservice@chameleonpower.com](mailto:customerservice@chameleonpower.com).

Use of the Pictureit tool is free of charge to all ABC Supply customers.

## Create an Account

- Enter your company's contact and ABC Supply account information
- Upload your logo and provide a link to your website (optional)
- Edit your product information at any time

## Ready to Start Creating

Upload a home image or choose from our pre-mapped stock image gallery. Change siding, roofing, windows, trim colors and shutters. When you are satisfied, save it and give your customer access to their new, custom-designed home via an email link.
