

Pricing Announcement

June 30, 2026

Dear Valued Customer,

We sincerely appreciate your continued trust in Associated Materials Innovations. Due to continued increases in petroleum-based raw materials, manufacturing, and freight costs associated with ongoing global market conditions, we must implement an additional pricing adjustment. We have taken proactive measures to mitigate these impacts internally; however, the sustained nature of these cost pressures makes this adjustment necessary to continue delivering the quality, service, and reliability our customers expect.

Accordingly, **effective for all orders placed on or after August 10, 2026**, the following price adjustments will apply:

- **6% on vinyl siding, soffit and accessories**
- **3% on premium composite cladding and accessories**
- **6% on shakes & scallops and insulation**

To help maintain consistent service levels and product availability, we reserve the right to limit order quantities to no more than 110% of the historical or recent three-month average volume per SKU.

We value your business and your ongoing commitment to Associated Materials Innovations and our family of products and services. We look forward to serving your needs in 2026 and beyond.

For any questions or additional information, please contact your local sales representative.

Thank you for your business,

Sincerely,

A handwritten signature in cursive script that reads "Eric Spence".

Eric Spence,
EVP of Sales and Channel Strategy
