

Shingles, Underlayments & Ventilation Products Freight Surcharge Increase Announcement September 21st, 2026

September 15th, 2026

Greetings Valued Customers,

The National Average Price of a gallon of diesel fuel as reported by the Department of Energy rose to \$6.285 this week, up 31.8% from the prior week. Due to these rapidly increasing costs, Atlas will be moving to a \$500 per truckload Freight Surcharge, effective with all shipments beginning September 21st, 2026, regardless of order entry date. We will continue to monitor the situation and will adjust accordingly in the coming weeks.

We appreciate your understanding. If you have any questions, please contact your Atlas Sales Representative.

Sincerely,

Stanley J. Bastek
Vice President & General Manager
Shingles, Underlayments & Ventilation
