Residential Freight Surcharge Increase

Dear Customers:

Due to significant increases in transportation costs, including higher freight rates and a 35% increase in diesel fuel prices over the past month, GAF will increase the freight surcharge rate to \$400 per shipment on all Residential orders, **effective April 15, 2026**. All orders shipped on or after April 15, 2026 will be invoiced with the new freight surcharge amount.

If you have any questions concerning this increase, please contact your local Territory Manager, National Account Manager, or Sales Manager.

Thank you for your continued support.
