Subject: June 4, 2025 Update: Increase of Section 232 Tariffs on Aluminum Imports

Dear Valued Customer,

Thank you for your understanding as we work to incorporate the recent updates to the Section 232 Steel & Aluminum tariffs that were put in place Wednesday, June 4th.

The tariff has increased from 25% to 50%. Notwithstanding our best efforts to shift production locations to mitigate much of these tariffs, we regret to inform you that we require updates to some of the rates pertaining to the surcharge.

To coincide with tariffs that are imposed on cross border shipments and effective as of June 4th, all section 232 surcharges will be updated to reflect the following:

- Plank & Batten System: 5% surcharge (***no change***)
- Panel System: 30% surcharge (***increase to reflect a jump in tariff from 25% to 50%***)

Where applicable, these surcharges will be transparently outlined on your quotes and invoices. Our goal is to ensure that once these tariffs are lifted, the additional costs will be removed accordingly.

As details are fluid and can change rapidly, we are committed to keeping you informed as more details emerge. If you have any questions or would like to discuss how this may affect upcoming orders, please reach out to us, and we will re-quote your order using the most current information available.

Thank you for your continued trust and partnership.

Sincerely,

A handwritten signature in black ink that reads "Matt Song". The signature is written in a cursive, flowing style.
