

Wilmington, March 17th, 2025

To: All distributors of Alu-Rex line of products
From: Stéphane Galibois, VP Sales, Alu-Rex

Subject: Temporary price surcharge as of March 17th, 2025

Dear Distributor,

Following the reinstatement by the US Federal Government of the 25% tariff on Canadian aluminum products, we have to implement the temporary surcharge.

As such, effective immediately, **the temporary surcharge of 13%** is effective on all orders. This also applies to all ordered not shipped yet or those that entered the US after the tariff has been reinstated last week.

We continue to monitor the situation closely and will adjust according to the development of the situation in the future.

Again, we thank you for your understanding and loyalty and remain available should you need more information; please do not hesitate to contact myself or Mr. Nicolas Aubé, Director of Finance and Administration.

Best Regards,

A handwritten signature in black ink, appearing to read "Sté", is positioned above the printed name and title of the sender.

Stéphane Galibois
Vice President of Sales
