

October 3, 2025

Dear Anlin Customer,

As costs for materials and labor continue to climb, Anlin will be implementing a price increase of 5% effective January 5, 2026. While we have worked hard to absorb these rising expenses, this adjustment is necessary to maintain the quality and service you expect from Anlin.

We appreciate your continued partnership and support as we strive to deliver value by manufacturing the finest products, services and customer experience every day, everywhere.

Please contact your Anlin sales representative for specific details regarding these price adjustments.

Sincerely,

Michael Johnson

Director of Sales  
Anlin Windows and Doors
