Dear Valued Customer,

On behalf of Cornerstone Building Brands, we want to thank you for your continued partnership and trust in us as a reliable partner of choice.

We are facing a difficult and uncertain economic environment that is driving significant inflation into our hardware and aluminum supply chain. Cornerstone Building Brands has made significant investments in operational efficiency, automation, and technology in recent years, allowing us to absorb a part of the increased costs. The rising costs have driven us to review our pricing structure so we can maintain Cornerstone Building Brands' commitment to quality and value to our customers. Effective September 15, 2025, we will be implementing a 5% - 10% increase on the following products.

New pricing will take effect on all orders received after the end of business September 12, 2025.
