Upcoming Metal Pricing Adjustment – Effective April 13, 2026

To: U.S. Elevate Customers

Dear Valued Customer,

Due to continued volatility in global metals markets driven by geopolitical tensions, evolving trade policy, and ongoing supply constraints, we are implementing price adjustments on select metal products. Rising input costs for both aluminum and steel, along with tightening supply conditions, have made these changes necessary.

Effective April 13, 2026, the following increases will apply:

Product Category	Increase	Effective Date
Aluminum Sheets & Coils	Up to 15%	4/13/2026
Aluminum Accessories	Up to 5%	
Steel Sheet & Coils	Up to 10%	
Steel Accessories	Up to 5%	

This price increase will apply to all orders shipped on or after April 13, 2026. All currently approved quotes will be honored at the pricing stated therein, subject to their validity period and terms. Elevate reserves the right to limit orders to customary levels.

Please contact your local [Elevate Sales Representative](#) if you have any questions regarding this new price adjustment. We appreciate your continued partnership and understanding as we navigate these market conditions together.

Sincerely,

Frank Palmer
