Please refer to the chart below for each affected product category and the recently updated GAF Roof & Wall Coating freight surcharge policy:

These increases will be effective for all shipments on/after May 1, 2026. We will honor any job quotes issued prior to today through the original expiration date. GAF Roof & Wall Coating pricing will be valid for 90 days, unless otherwise noted on the quotation.

If you have any questions or need additional information, please do not hesitate to reach out to your GAF representative or me directly.
