2026 HB&G Price Notification

Dear valued customer,

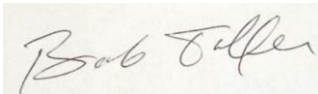

2025 has brought tremendous challenges to all of our businesses with regard to managing cost inputs and price in a challenging marketplace. While HB&G Building Products has worked diligently to reduce, manage and control costs, continued inflationary pressures necessitate price adjustments for the upcoming new year.

For 2026, this increase will apply by product category. Affected categories will realize a 2.45% increase on List prices. Details will be made available with the SKU-level pricing file delivery on or before December 1, 2025.

All orders for immediate shipment received by December 31, 2025, will receive current, pre-increase pricing. Stock orders are not to exceed one month's average purchases to ensure all customers have a fair and equal access to our inventory. Orders with release dates after or submitted after January 1, 2026 will be billed at the new pricing.

Thank you for your loyalty and continued support, we appreciate your business.

Best Regards,

Bob Toller, VP of Sales
HB&G Building Products
