

Dear Ricardo,

We appreciate your continued partnership and the trust you place in Gutterglove. Our commitment to delivering premium gutter protection solutions remains unwavering, and we strive to support your business with products that are both high-performing and competitively positioned in the market.

After careful evaluation, we will be implementing a modest price increase, **averaging 5% across all LeafBlaster Pro® gutter guard SKUs, effective December 1, 2025.**

This decision was not made lightly. We continue to absorb and mitigate the impact of rising costs due to tariffs, inflation, and supply chain challenges. Despite these pressures, we've worked diligently to maintain stable pricing for as long as possible. This adjustment aligns with similar increases made by our partners across the industry this year and ensures we can continue to deliver the quality and innovation you expect from Gutterglove while continuing to invest in our contractor lead generation and loyalty rewards program.

We believe strongly in the value of our product portfolio and are committed to ensuring our solutions remain priced appropriately in the market. Plus, with the full portfolio of All-Aluminum, Stainless Steel Micro-Mesh, and Frame Reinforced gutter guards, we have the range of solutions and price points to meet your customers' needs.

As we prepare for the upcoming price adjustment, we're taking steps to ensure smooth operations. While increased demand may tighten inventory and impact

shipping times, our team is actively monitoring stock and logistics to minimize any disruptions.

If you have any questions or would like to discuss this update further, please reach out to your account representatives [here](#). We're here to support you every step of the way.

Thank you for your understanding and continued support.

Warm regards,

Jennifer Jenkins

VP of Sales
