Price Increase Announcement

Effective: May 1, 2026

Dear Valued MFM Customer,

Due to the continued price increases for raw materials, specifically asphalt, rubber and polymer films, as well as the associated inbound and outbound freight costs, MFM will be implementing a price increase across all product lines.

The price increase will be approximately 5-7%.

The price increase applies to all orders that ship on or after May 1, 2026, regardless of the order placement date.

MFM is proud to be an employee-owned ESOP, USA based and sourced manufacturer, and value your business. Revised price lists will be available in the next several weeks. If you have any questions, please contact your local MFM Sales Representative, or MFM Customer Service at 800-882-7663 or via email at customerservice@mfmbp.com.

We appreciate your partnership and loyalty.

Sincerely,

A handwritten signature in black ink that reads 'David Delcoma'. The signature is fluid and cursive, with the first letter 'D' being particularly large and stylized.

David Delcoma, Operations Manager
