UPDATE: US Price Increase for Residential Roofing Products

Dear Malarkey Roofing Products® United States Customers,

As committed, we have closely monitored and assessed the tariff situation and the surrounding economic considerations. Where there was uncertainty regarding raw materials and other costs, we now have more clarity. All have stabilized enough to allow us to reconsider the need for a price increase.

We are pleased to report that we are now able to suspend the previously announced May 12th increase until further notice.

Our regional sales teams look forward to partnering with you to build momentum and grow sales in each of your markets as we head towards summer.

Thank you for your continued support of Malarkey Roofing Products®.

Regards,
