

MID-STATES ASPHALT

PRICING UPDATE

March 18, 2026

To Mid-States Customers

Dear Valued Customer,

Due to significant raw material increases coupled with ever increasing freight cost it has become necessary for **MSA to increase fuel/freight surcharges and MSA rolled roofing pricing 5-8%.**

These increases are effective with shipments April 6th, 2026, regardless of order entry date.

Please contact your MSA representative to discuss specific pricing for your market area.

We thank you for your business and for your support of this much needed increase.

Sincerely,

A handwritten signature in black ink that reads 'Jeremy Traweck'.
