Northville, MI 48167

March 27, 2026

To our valued Customers:

The recent developments in the middle east have created significant volatility in the energy markets, resulting in rapid increases in key raw materials used in our products as well as the transportation costs for delivering them to market.

As a result, Effective May 1, 2026, Ox Engineered Products will increase prices as follows:

Price increases on the following product categories:

- ISO RED CI: 6%
- ISO RED MAX: 6%
- OX-IS: 4%
- TAPES & FLASHINGS: 4%
- TS20 SYNTHETIC ROOF UNDERLAYMENT: 8%

All orders shipped on or after May 1, 2026 will be billed at the new pricing (Price Sheet Dated 5/1/26).

This increase is necessary so that we may continue to invest in our business and provide high quality products and services. We thank you for your business and continued support of Ox Engineered Products!

Ox reserves the right to limit the quantity of orders placed in advance of this increase.

If you have questions, please contact your sales or customer service representative.

Sincerely,
Ox Engineered Products,

Brian K. McMullen
Vice President of Sales
