

PABCO® Roofing Products

Exceptional People. Remarkable Products.

March 17th, 2026

To all PABCO® Roofing Products Customers:

Due to continued and ongoing pressure on production costs, and the uncertainty related to raw material availability and pricing, PABCO® Roofing Products is implementing a price increase of up to 8% on all shingle and accessory products effective May 1, 2026.

All shipments on or after May 1, 2026 will be invoiced at the new price.

We appreciate the confidence you place in our people and our products, and remain committed to operating safely and efficiently during these challenging times.

If you have any questions, please contact your individual Territory Manager.

Sincerely,

Gerald Kilian
Sales Operations Manager
