RE: Price Increase Effective March 1, 2025

Dear Valued Customer,

The current economic climate of rising costs and inflation has been felt by all and Protecto Wrap is no exception. Due to several market factors, including cost increases in raw materials, packaging, tariffs and transportation, there is continued pressure on our business. Protecto Wrap has tried to maintain our current pricing structure as long as possible, however based on the aforementioned factors, Protecto Wrap finds that we must announce a price increase in 2025.

Protecto Wrap will implement a price increase ranging between 3% - 12% depending on product category. These increases will take effect March 1, 2025. This will affect all orders shipped on or after March 1st regardless of order placement date.

Because you are one of our most valued customers Protecto Wrap will be offering you a “Winter Buy” opportunity prior to this increase. Details of that program will come in a separate announcement and Protecto Wrap will NOT limit your order quantities.

New price lists will be available as soon as possible, should you have any questions, please contact your Regional Sales Manager.

As always Protecto Wrap is committed to providing the highest quality building products and technical expertise for you, and your customers. Thank you for your continued support and partnership, we look forward to serving you as we work together in 2025 and beyond.

Sincerely,

A handwritten signature in black ink, appearing to read "Jack Hopkins".
