Subject: Upcoming Price Adjustment Effective July 7, 2025

Dear Valued Customer,

Thank you for your continued partnership and trust in Quarrix Building Products.

As you know, the building materials industry continues to navigate a challenging economic environment marked by persistent inflation and rising operational costs. Over the past several months, we've experienced ongoing increases in the cost of raw materials, particularly metals—along with higher expenses for packaging, pallets, and other essential inputs.

At Quarrix, we've taken significant measures to absorb these increases internally and avoid impacting our customers. Despite these efforts, the sustained nature of these cost pressures has made it necessary for us to implement a price adjustment.

Starting July 7, 2025, prices for select Quarrix products will increase by 3% to 7%, with additional adjustments applied to smaller tiered order quantities.

Updated pricing documents will be introduced in the next few weeks.

If you have any questions or would like to discuss how this change may affect your account, please do not hesitate to reach out to your Quarrix sales representative.

We remain committed to providing high-quality products and exceptional service, and we appreciate your understanding and continued partnership.

Sincerely,

A handwritten signature in black ink, appearing to read "GU", followed by a horizontal line.
