Subject: Synthetic Underlayment Update

Dear Owens Corning Roofing Customer:

Owens Corning Sales, LLC is providing you with an important update related to tariffs and ongoing global business conditions:

Tariff Update:

- On October 1, 2025, we implemented a surcharge to address the impact of the 50% tariff on our mechanically attached synthetic underlayment products.
- The 50% tariff has been replaced with a 10% tariff under Presidential Proclamation 11012 (91 CFR9339).
- For shipments on or after **April 1, 2026**, we will reduce the surcharge to reflect the 10% tariff. This change will apply to all affected synthetic underlayment products. Details on specific adjustments will be shared with you separately.
- Owens Corning will continue to monitor the dynamic tariff environment and provide notice of any future changes in tariff surcharges.

Update on Ongoing Global Business Conditions:

Additionally, due to continued cost and supply chain pressure, we are announcing an increase of **5 to 9 percent** on all mechanically attached and self-adhered synthetic underlayment products for shipment on or after **May 11, 2026**. As this date approaches, we will communicate specific increase amounts by product.

Thank you for your business and continued support of Owens Corning. Please contact your Area Sales Manager or Components Sales Leader with any questions.

Regards,
