

June 8th 2026

Dear Valued Vinyl Kraft Partner,

We are grateful for your continued partnership and the trust you place in Vinyl Kraft. As we look ahead to the remaining year, our focus remains the same: providing you and your customers with undeniable value in quality vinyl windows and doors.

There continues to be numerous unexpected price increases across our production. Over the past several months, we have incurred two glass increases, a vinyl resin increase, five aluminum increases, and continued fuel surcharge increases. Simply put, if it touches our product, it has had an increase. It was my intention that we could continue our initiatives to maintain pricing through 2026, unfortunately the supply chain had opted to continue to pass through increases.

Therefore, Vinyl Kraft will be implementing a general price increase of 5.5% effective on orders placed after August 1, 2026.

This decision was not made lightly. We remain committed to delivering the quality, service, and reliability you have come to expect from Vinyl Kraft. We value your business and appreciate the confidence you place in our team. We look forward to continuing to work together in 2026 and beyond. As always, thank you for your partnership and support.

Sincerely,

Ryan Rolfe, President

Vinyl Kraft Windows and Doors
