Dear John Vondra

Vinylmax continues to invest in the quality of our products, the reliability of our service, and the support we provide for our customers. Recent geopolitical developments have led to increased tariffs and higher costs across raw materials, manufacturing, and logistics. These external pressures have significantly impacted our cost structure. To ensure we can maintain our standards and continue delivering the value you expect, we will be implementing prices that reflect these changes. Price adjustment will take effect on all orders beginning on **February 1, 2026**.

Rather than apply a one-size-fits-all adjustment, your dedicated sales representative will be reaching out to you directly to review the updated pricing and answer any questions you may have prior to the effective date. Prices on orders placed by January 31, 2026, will be honored at today's current pricing. Quotes will expire on February 1, 2026, and will have to be recalculated in Vinylmax Webcenter Online Quote and Order system by copying the quote to a new quote.

We appreciate your continued partnership and the trust you place in our team. Our goal is to remain transparent, responsive, and committed to supporting your business both now and in the future. If you have any immediate questions, please feel free to contact your sales representative or our customer service team.

Thank you for your understanding and continued support.

Sincerely,

A handwritten signature in black ink that reads "Scott Jeffreys".

Scott Jeffreys | Director of Sales  
Vinylmax Windows
