

July 11, 2025

Dear Valued ABC Supply Partner:

Our industry continues to be impacted by inflationary pressures in material costs, labor, and other expenses. We appreciate your support and value your business, especially through the ongoing economic challenges we all face.

It is always our goal to provide you with the best value and to absorb rising costs internally. We have been very successful in maintaining prices, since our last increase notice was issued in April of 2022. However, due to economic realities we must implement the following pricing adjustments:

Effective August 25, 2025 we are implementing a 2.9% price increase via multiplier adjustment.

In addition, due to recent announcements from suppliers regarding tariffs and rising costs on aluminum and other raw materials, **base pricing will also increase for some specific products and options** such as:

Patio Doors	Sentry System Tilt/Lock Combo
Triple Pane IntelliGlass Options	Foam Filled Frame
Double Strength Glass Options	Extension Jambs
Flat & Georgian Grids	Sash Reinforcement

I understand that price adjustments can present challenges. We are committed to uphold and enhance our exceptional offering of products, to deliver on time and complete, with most of our products available on our industry-leading ONE WEEK LEAD TIME. Thank you for continuing to prioritize the value we bring as your Window Solutions company.

Sincerely,

A handwritten signature in blue ink, reading "Laura Doerger-Roberts".

Laura Doerger-Roberts
President
