

July 25, 2023

Dear CertainTeed Commercial Roofing Customers:

US Commercial Roofing Products Price Increase & Supply Changes
Effective September 1, 2023

CertainTeed will increase pricing on select commercial roofing products by up to 3% effective September 1, 2023. This is due to various manufacturing cost increases.

Orders shipped on or after September 1, 2023, will be invoiced at the new price, regardless of the order entry date. You will be provided with updated price sheets at least two weeks prior to the effective date.

Effectively immediately, in order to manage the influx of customer orders due to overall channel demand, CertainTeed will be streamlining its product line offering to better service the overall market. To accomplish this CertainTeed will be prioritizing colors of granulated cap sheets.

| Prioritized Colors | Colors with Extended Lead Times |
|---------------------------|--|
| Colonial Slate | Buff |
| CoolStar | Burnt Sienna |
| Moire Black | Heather Blend |
| Resawn Shake | Hunter Green |
| Weathered Wood | Mojave Tan |
| White | Terracotta |

Once both our supply and demand are restored in a more balanced and sustainable environment, the production of the full portfolio of products will resume.

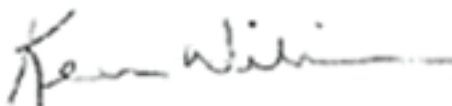

As a reminder, less than full truckload orders and LTL carrier shipments will be subject to freight and handling charges per the 2023 RPG Service Advantage Policy.

We appreciate your continued support of CertainTeed Commercial Roofing Products and will continue to strive to be your valued supplier. Please contact your local territory manager with any questions.

Sincerely,

Robert Montanaro
