Pricing Updates

Dear Valued Customer,

We appreciate your continued trust in ICP for your roofing and waterproofing needs. As you know, the past few years have brought unprecedented economic challenges, including rising costs across industries.

At ICP, we've worked diligently to absorb these increases by leveraging our buying power and implementing cost-saving measures, all while maintaining the high level of quality and service you expect from us. Over the past year, we've continued to invest in enhancing our service levels and product offerings, striving to provide exceptional value despite these challenges.

However, due to the cumulative impact of inflation on manufacturing and operational costs, we must make a necessary adjustment to our pricing. This change will allow us to continue delivering the top-tier products and service you rely on.

Effective on orders and shipments on or after April 14, 2025, we will be implementing **5-7% price increase on core Pli-Dek Waterproof Deck Coating Products**. Accessory products will vary.

Your ICP sales representative will provide updated pricing details prior to this adjustment.

We look forward to providing you with an uninterrupted supply of high quality products.

Thank you,

ICP Group
