

CMI Increase Announcement: Continental Asphalt

Dear Valued Customer,

Please be advised that due to rising asphalt, transportation, packaging, and other costs, the price of all Continental Materials roofing asphalt products will increase between 3% and 5% nationwide effective with shipments **February 26, 2024**.

Any material that ships after the increase date will be at the new price, please plan accordingly.

You will receive your new delivered pricing from your local CMI Sales Rep or you can call CMI Customer Service at 1-800-247-6637. All prior quotes for shipments after the effective date must be re-confirmed to be valid.

All Continental Asphalt is produced with our patented No-Smell™ formula and protected with our WeatherSeal™ UV resistant protective packaging. Continental provides the “Original” No-Smell™ Asphalt.

For special job quotes, please contact your local CMI Rep, or CMI Customer Service @ 800-247-6637. We thank you for your continued support and know our success depends on serving you, our customers, with Quality, Service, and Value every day.

Continental Materials, Inc. (CMI) is a national supplier of roofing system component materials and known for BUR (built-up roofing) asphalt with “No Smell”™ odor eliminating technology and its WeatherSeal™ protective packaging, All-Weather™ asphalt felts and coated organic rolls, CMI All-Weather™ modified bitumen rolls, SureGrip™ construction fasteners and roofing nails, Continental’s eco-friendly high density fiberboard roof insulation board and a premium line of SecureGrip™ synthetic roof underlayment products that are sold and used widely throughout the country. CMI has provided value added products and superior service to the roofing industry since 1958.
