

March 11, 2024

Dear Valued Customer,

We continue to face the realities of inflationary pressures and escalating labor and supply chain costs. These factors have compelled us to carefully review our pricing structure to ensure we can maintain the high standards of quality and value that you deserve and expect.

Effective May 13, 2024, we are implementing a 5% - 7% price increase (via multiplier adjustment) on MI-branded windows and patio doors. Therefore, all manual orders must be placed no later than 12:00pm and all paradigm orders must be placed no later than 5:00pm (EST) on May 10, 2024, to receive current pricing.

We understand that any change in pricing can have a significant impact on your operations, and it is with this awareness that we approached this decision with the utmost consideration and sensitivity. Our commitment to providing exceptional products and services remains unwavering, and we are dedicated to supporting your success and the satisfaction of your customers.

Please contact your MI Territory Sales Representative or Regional Manager with questions or concerns regarding these changes.

Thank you for your continued partnership.

Sincerely,

A handwritten signature in black ink that reads 'Brock Snyder'.
